

CASE STUDY – HOLBURNE PARK, BATH

CLIENT:
Hardrock Developments Limited

CONTRACTOR:
BECT

GDV:
£150m

DURATION:
5 Years

NO. OF UNITS:
198

FORM OF CONTRACT:
JCT Management Contract 2016

DESCRIPTION OF PROJECT:
Designed by leading classical Architect Robert Adam (Duchy of Cornwall - Poundbury), Holburne Park, situated in the World Heritage Centre of Bath, consists of 198 high end Bath Stone town houses and villas.

Set in challenging topography with formidable substructure solutions on a slope that extends aggressively down to the picturesque Kenet and Avon Canal, the site provides a combination of inspirational luxury aside a demanding build.

OUR INVOLVEMENT:
We are Professional Quantity Surveyors on this project providing programme appraisal, monthly cost advice, Board reporting and Contractors Certification for payment/control administration.
